

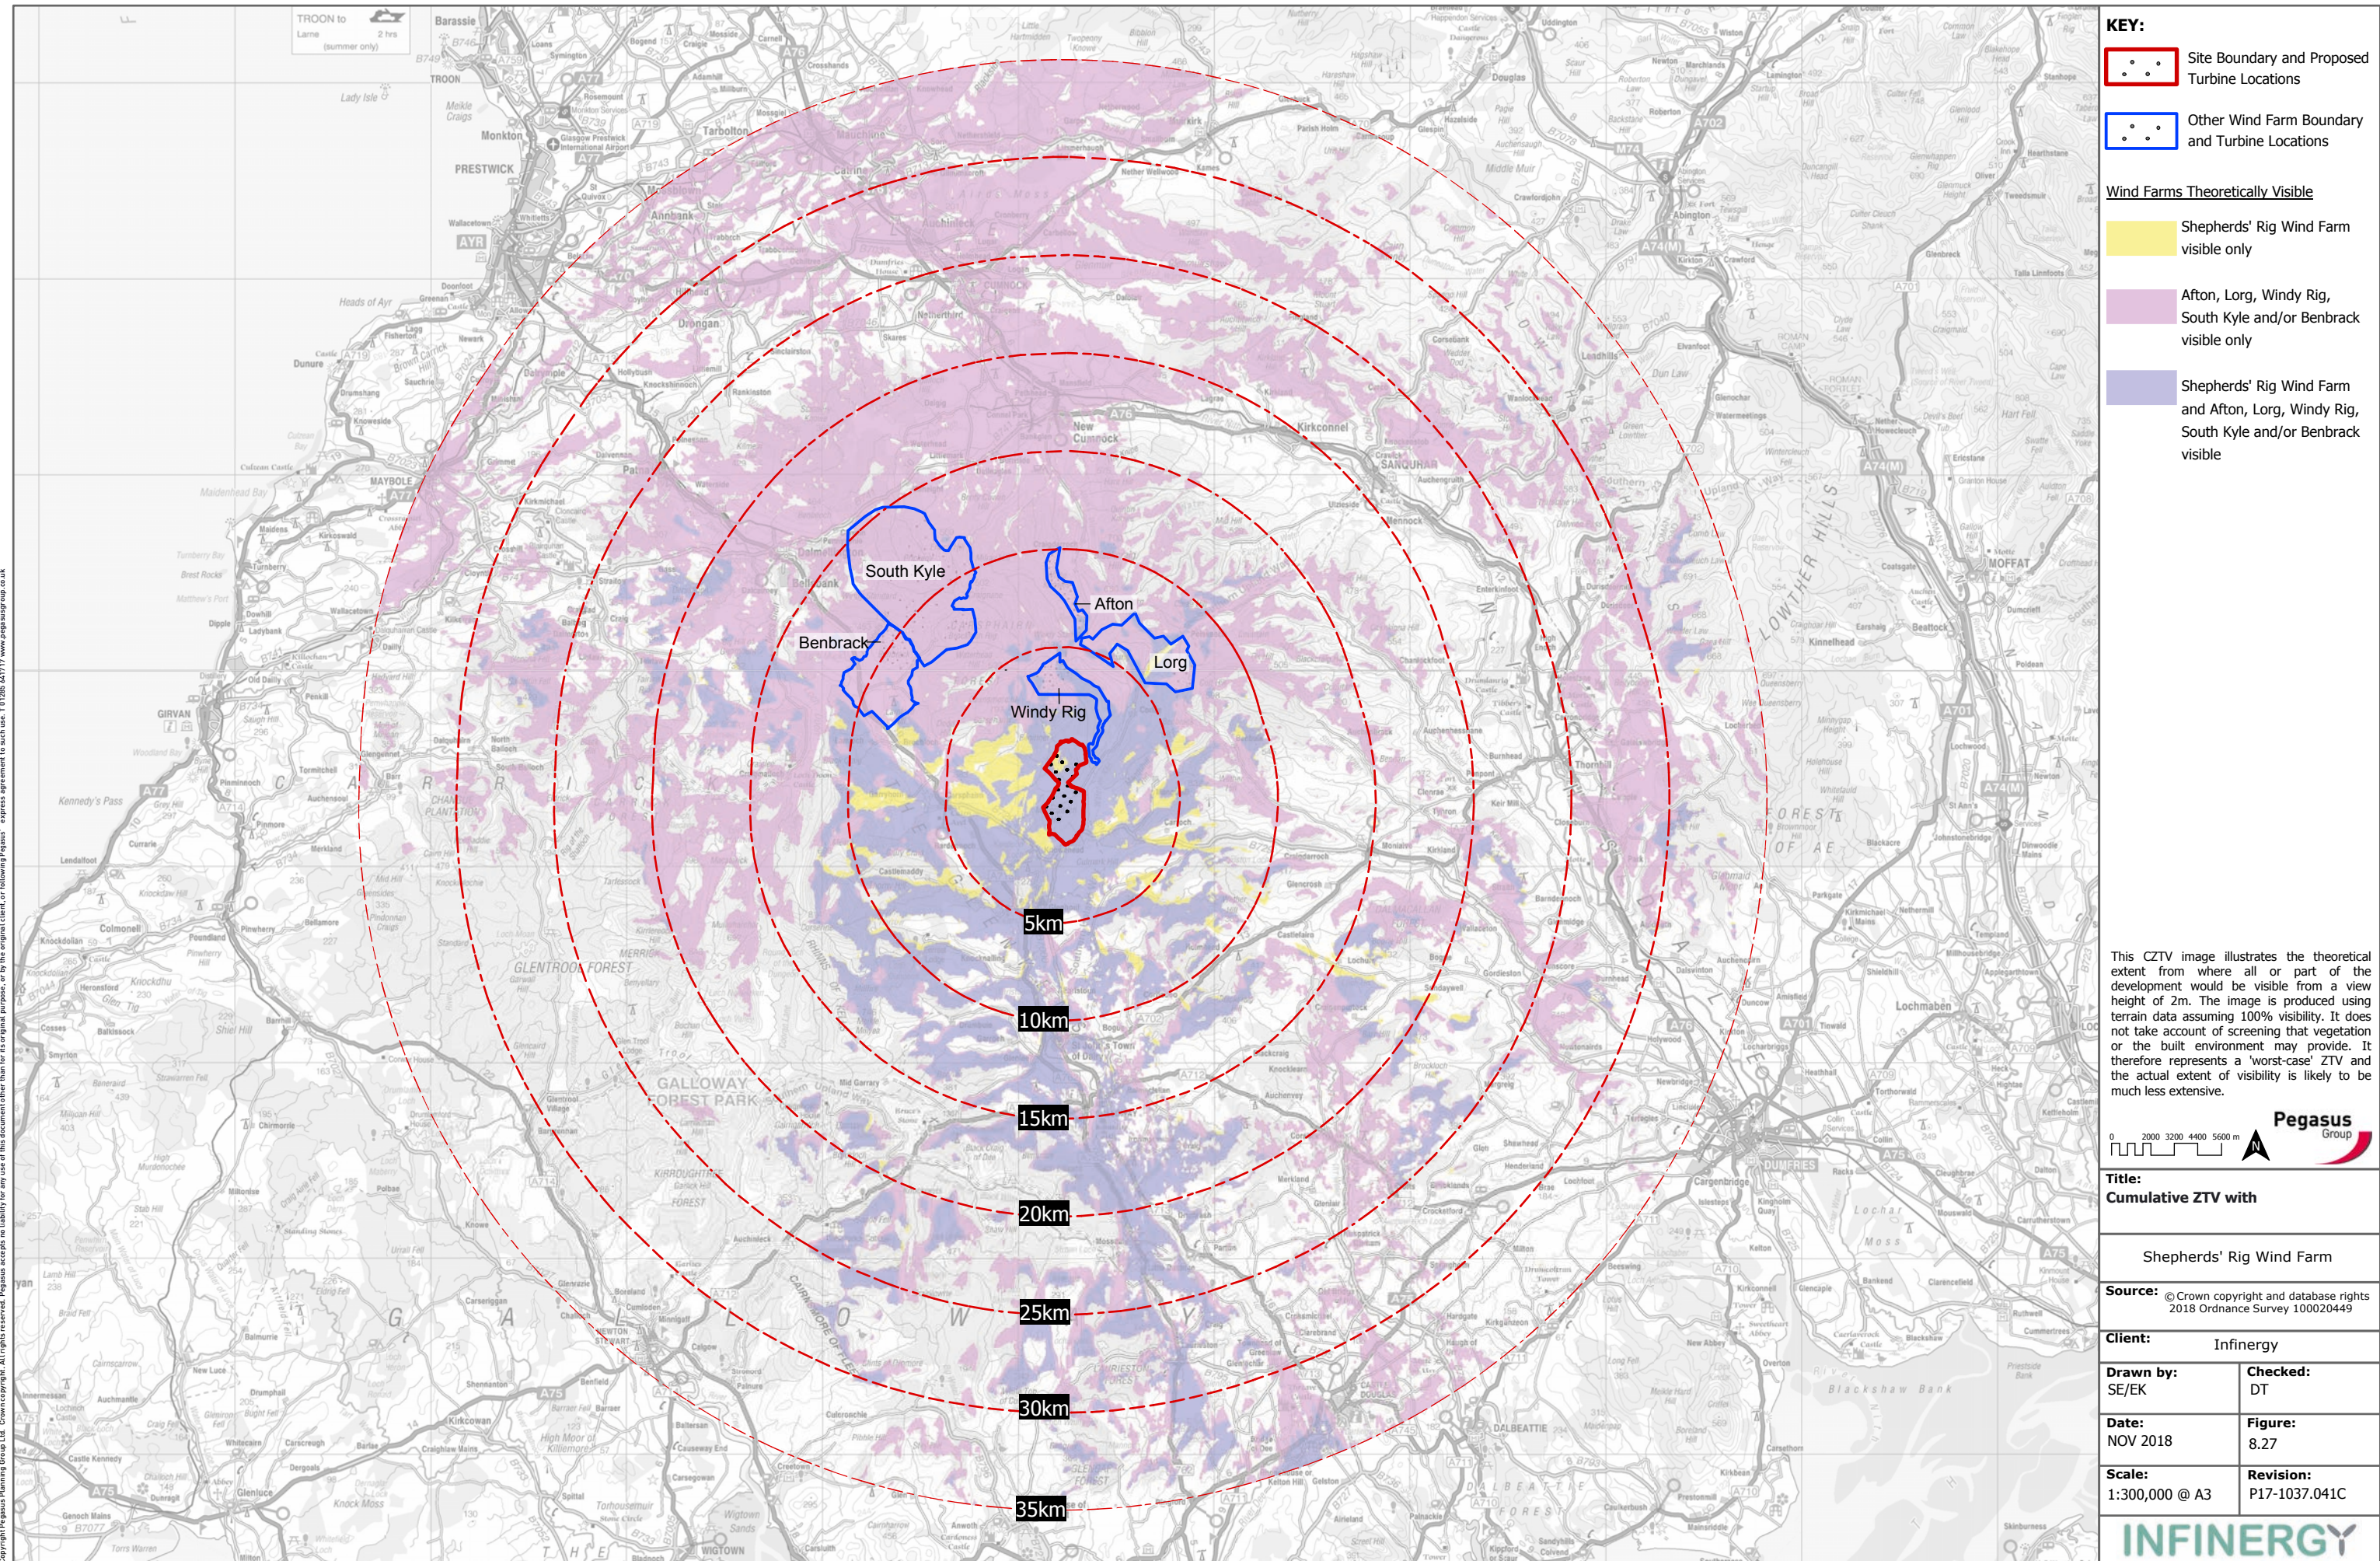

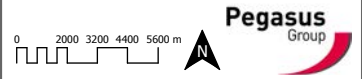

Figure 8.27: Cumulative ZTV with Afton, Lorg, Windy Rig, Benbrack and South Kyle

- KEY:**
- Site Boundary and Proposed Turbine Locations
  - Other Wind Farm Boundary and Turbine Locations

- Wind Farms Theoretically Visible**
- Shepherds' Rig Wind Farm visible only
  - Afton, Lorg, Windy Rig, South Kyle and/or Benbrack visible only
  - Shepherds' Rig Wind Farm and Afton, Lorg, Windy Rig, South Kyle and/or Benbrack visible

This CZTV image illustrates the theoretical extent from where all or part of the development would be visible from a view height of 2m. The image is produced using terrain data assuming 100% visibility. It does not take account of screening that vegetation or the built environment may provide. It therefore represents a 'worst-case' ZTV and the actual extent of visibility is likely to be much less extensive.
