Your opinion is important to us. We would appreciate you taking a moment to complete the following questionnaire so we can find out more about your views on the wind farm proposal this exhibition is all about. The aim of this questionnaire is to allow individuals to contribute to the development process and interact with Boralex. This is not a substitute for the official planning process. No personal information will be passed on to third parties.

1. What are your views on the use of renewable energy to help meet our energy requirements?

(onshore and offshore wind power, solar power, biomass, wave and tidal power, amongst others)

☐ Very Supportive ☐ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed ?

2. What are your views on the use of wind energy to help manage our renewable energy generation?

☐ Very Supportive ☒ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

3a. How do you feel about this renewable energy proposal?

☐ Very Supportive ☒ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

3b. Why do you hold this view? Please state

4. How close do you live to the proposed development site?

☐ Within 1 kilometre (0.6 miles) ☒ Between 1 and 5 kilometres (3.1 miles) ☐ Further away than 5 kilometres (3.1 miles)

5. Do you have any comments or suggestions on how the community benefit fund could be spent/managed in the area, to benefit local people and communities??

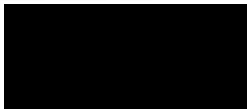

Discount on electricity /
Subsidise solar panels for residents .

6. If you have any further interests, please state below:

7. How did you first learn about the project?

- ☐ Word of mouth
- ☐ Postcard
- ☐ Google or other search engine
- ☐ Newspaper advert
- ☐ Newspaper article
- ☐ Social media
- ☒ (Invitation for) Public Exhibition
- ☐ Other (please state)

8. Please use the area below to ask a specific question or comment on the proposal.

Could you please send the view from  to the email address overleaf.

9. If you would like us to respond to any of the comments you have made or questions you have asked in this questionnaire, please indicate here and, if required, we will get back to you shortly.

1. What are your views on the use of renewable energy to help meet our energy requirements?

(onshore and offshore wind power, solar power, biomass, wave and tidal power, amongst others)

☒ Very Supportive ☐ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

2. What are your views on the use of wind energy to help manage our renewable energy generation?

☒ Very Supportive ☐ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

3a. How do you feel about this renewable energy proposal?

☒ Very Supportive ☐ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

3b. Why do you hold this view? Please state

Renewable energy is needed and using poor quality upland areas is sensible. Anything to avoid more forestry.

4. How close do you live to the proposed development site?

☐ Within 1 kilometre (0.6 miles) ☒ Between 1 and 5 kilometres (3.1 miles) ☐ Further away than 5 kilometres (3.1 miles)

5. Do you have any comments or suggestions on how the community benefit fund could be spent/managed in the area, to benefit local people and communities??

I am a member of CROFL and there are a lot of community groups looking at various projects to use the CBF e.g. housing projects, play parks etc.

6. If you have any further interests, please state below:

7. How did you first learn about the project?

- ☐ Word of mouth ☐ Postcard
☐ Google or other search engine ☐ Newspaper advert ☐ Newspaper article ☐ Social media
☐ (Invitation for) Public Exhibition
☒ Other (please state)

We are a landowner along the A99 route

8. Please use the area below to ask a specific question or comment on the proposal.

9. If you would like us to respond to any of the comments you have made or questions you have asked in this questionnaire, please indicate here and, if required, we will get back to you shortly.

1. What are your views on the use of renewable energy to help meet our energy requirements?

(onshore and offshore wind power, solar power, biomass, wave and tidal power, amongst others)

☐ Very Supportive ☐ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

2. What are your views on the use of wind energy to help manage our renewable energy generation?

☐ Very Supportive ☐ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

3a. How do you feel about this renewable energy proposal?

☐ Very Supportive ☐ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

3b. Why do you hold this view? Please state

The above questions in my view are polarised. They are objective questions and thus consultation for me is subjective.

4. How close do you live to the proposed development site?

☐ Within 1 kilometre (0.6 miles) ☒ Between 1 and 5 kilometres (3.1 miles) ☐ Further away than 5 kilometres (3.1 miles)

5. Do you have any comments or suggestions on how the community benefit fund could be spent/managed in the area, to benefit local people and communities??

I do not believe this question is relevant at this stage. I have no wish to support the development in its current form.

6. If you have any further interests, please state below:

7. How did you first learn about the project?

The aim of this questionnaire is to allow individuals to contribute to the development process and interact with Boralex. This is not a substitute for the official planning process. No personal information will be passed on to third parties.

1. What are your views on the use of renewable energy to help meet our energy requirements?

(onshore and offshore wind power, solar power, biomass, wave and tidal power, amongst others)

☐ Very Supportive ☒ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

2. What are your views on the use of wind energy to help manage our renewable energy generation?

☐ Very Supportive ☒ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

3a. How do you feel about this renewable energy proposal?

☐ Very Supportive ☐ Supportive ☒ Undecided ☐ Opposed ☐ Very opposed

3b. Why do you hold this view? Please state

While I understand the need for renewable energy I do have concerns over the erosion of the countryside by these sites.

4. How close do you live to the proposed development site?

☐ Within 1 kilometre (0.6 miles) ☐ Between 1 and 5 kilometres (3.1 miles) ☒ Further away than 5 kilometres (3.1 miles)

5. Do you have any comments or suggestions on how the community benefit fund could be spent/managed in the area, to benefit local people and communities??

My big concerns are over increased construction traffic and ensuring that the environment is maintained.

6. If you have any further interests, please state below:

7. How did you first learn about the project?

- ☐ Word of mouth ☐ Postcard

1. What are your views on the use of renewable energy to help meet our energy requirements? (onshore and offshore wind power, solar power, biomass, wave and tidal power, amongst others)

Very supportive

2. What are your views on the use of wind energy in particular to help meet our energy requirements?

Supportive

3a. How do you feel about the Shepherds' Rig variation proposal?

Supportive

3b. Why do you hold this view? Please state

I recognise that we need wind turbines to generate energy in the UK for the UK. We shouldn't be reliant on importing energy from elsewhere.

Although I am supportive of this project, I do ask that shadow flicker is kept to a minimum for local residents, that turbine parts are transported at sensible times (ie middle of the night) and Boralex work closely with the forestry as the B729 is a single track road, this could result in quite a few stuck vehicles. I would also like to add that a school bus runs twice a day from approx 08:00-08:40 and 15:30-16:00 along the B729 turning off at the B7000. Children as young as 4 are transported on this bus.

4. How close do you live to the proposed wind farm site?

Between 1 and 5 kilometres (3.1 miles)

6. How did you first learn about the project?

Postcard invitation

7. Please use the area below to ask a specific question or comment on the project:

I am interested in the community benefit going towards education if possible, I am aware there are limitations on how the community benefits can be spent.

My children go to Dalry Primary School (Carsphairn PS is mothballed- most likely indefinitely) and the school don't have much input or knowledge on wind farms. I believe that our children should learn about and be excited about wind farms, how they work and how they benefit us. It would be amazing if Boralex could hold mini projects with the school where project managers and other members of staff come into the school, show how windfarms work and maybe hold STEM days where the students make their own mini wind turbines. This along with termly visits to the site (when it is safe to do so) to see how the wind turbines are built, tested and operated would encourage students to work in this industry. Thus keeping families in the rural areas and staffing costs low on wind farms (who are more reliant on contractors). My youngest daughter is 3 so will be going through Primary School next year. I am also the Depute Chair of the Parent Council so I would be more than happy to be the link between Boralex and Dalry PS.

One of the project managers at the consultation this evening mentioned that the children of the Glenkens could maybe name the turbines. They would most likely love this and would want to know how "their" turbine is doing, how many MW it has generated over time, how many houses/businesses it has powered/for how long etc and in what area.

***There is a problem with the "telephone" part of this survey. When I put in my mobile number it states "value must be less than or equal to 999999999"

8. If you would like us to respond to any of the comments you have made or questions you have asked in this questionnaire, please indicate here and, if required, we will get back to you as soon as we are able::

SUPPLEMENT 11.6

Date

12/1/21

Your opinion is important to us. We would appreciate you taking a moment to complete the following questionnaire so we can find out more about your views on the wind farm proposal this exhibition is all about. The aim of this questionnaire is to allow individuals to contribute to the development process and interact with Boralex. This is not a substitute for the official planning process. No personal information will be passed on to third parties.

1. What are your views on the use of renewable energy to help meet our energy requirements?

(onshore and offshore wind power, solar power, biomass, wave and tidal power, amongst others)

☒ Very Supportive ☐ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

2. What are your views on the use of wind energy to help manage our renewable energy generation?

☒ Very Supportive ☐ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

3a. How do you feel about this renewable energy proposal?

☐ Very Supportive ☒ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

3b. Why do you hold this view? Please state

See 1+2! In principle I'm very supportive. I do have concerns about cumulative impact on landscape.

4. How close do you live to the proposed development site?

☐ Within 1 kilometre (0.6 miles) ☐ Between 1 and 5 kilometres (3.1 miles) ☒ Further away than 5 kilometres (3.1 miles)

5. Do you have any comments or suggestions on how the community benefit fund could be spent/managed in the area, to benefit local people and communities??

Strategic investment in job creation, training, & infrastructure which would support travel, tourism etc. Community ownership is not something I support - too much is asked of volunteers. The existing CIT system, routed through reliable organisations such as CMTL & BDT, is preferable.

6. If you have any further interests, please state below:

1. What are your views on the use of renewable energy to help meet our energy requirements? (onshore and offshore wind power, solar power, biomass, wave and tidal power, amongst others)

Very supportive

2. What are your views on the use of wind energy in particular to help meet our energy requirements?

Very supportive

3a. How do you feel about the Shepherds' Rig variation proposal?

Very supportive

3b. Why do you hold this view? Please state

Turbine height must be increased due to efficiency and slow UK permitting. Wind farm developers are caught in a circular trap - consent takes so that the technology and market conditions change making the original application unviable, there is no choice but to approve otherwise we end up with old technology that is overpriced

4. How close do you live to the proposed wind farm site?

Further away than 5 kilometres (3.1 miles)

5. If you have any further interests, please state below:

Service provider to the onshore wind sector and wish we were still building in England

6. How did you first learn about the project?

Other

If other, please state below:

Other developments in the area

8. If you would like us to respond to any of the comments you have made or questions you have asked in this questionnaire, please indicate here and, if required, we will get back to you as soon as we are able::

Voice Your Opinion

BORALEX

Renewable Energy Project

Shepherds Rig.

Date

17/3/26

Your opinion is important to us. We would appreciate you taking a moment to complete the following questionnaire so we can find out more about your views on the wind farm proposal this exhibition is all about. The aim of this questionnaire is to allow individuals to contribute to the development process and interact with Boralex. This is not a substitute for the official planning process. No personal information will be passed on to third parties.

1. What are your views on the use of renewable energy to help meet our energy requirements?

(onshore and offshore wind power, solar power, biomass, wave and tidal power, amongst others)

Very Supportive

Supportive

Undecided

Opposed

Very opposed

2. What are your views on the use of wind energy to help manage our renewable energy generation?

Very Supportive

Supportive

Undecided

Opposed

Very opposed

3a. How do you feel about this renewable energy proposal?

Very Supportive

Supportive

Undecided

Opposed

Very opposed

3b. Why do you hold this view? Please state

I am supportive of all windfarm projects in the community

4. How close do you live to the proposed development site?

Within 1 kilometre
(0.6 miles)

Between 1 and 5 kilometres
(3.1 miles)

Further away than 5 kilometres
(3.1 miles)

5. Do you have any comments or suggestions on how the community benefit fund could be spent/managed in the area, to benefit local people and communities??

I would hope Cosphair as the local community would get the opportunity to utilise CRGFL to manage the community benefit fund. And that we could receive a larger slice of the pie.

6. If you have any further interests, please state below:

None.

7. How did you first learn about the project?

- ☐ Word of mouth ☐ Postcard
☐ Google or other search engine ☐ Newspaper advert ☐ Newspaper article ☒ Social media
☒ (Invitation for) Public Exhibition
☐ Other (please state)

8. Please use the area below to ask a specific question or comment on the proposal.

None.

9. If you would like us to respond to any of the comments you have made or questions you have asked in this questionnaire, please indicate here and, if required, we will get back to you as soon as we are able.

Your opinion is important to us. We would appreciate you taking a moment to complete the following questionnaire so we can find out more about your views on the wind farm proposal this exhibition is all about. The aim of this questionnaire is to allow individuals to contribute to the development process and interact with Boralex. This is not a substitute for the official planning process. No personal information will be passed on to third parties.

1. What are your views on the use of renewable energy to help meet our energy requirements?

(onshore and offshore wind power, solar power, biomass, wave and tidal power, amongst others)

☐ Very Supportive ☐ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

2. What are your views on the use of wind energy to help manage our renewable energy generation?

☐ Very Supportive ☐ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

3a. How do you feel about this renewable energy proposal?

☐ Very Supportive ☐ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

3b. Why do you hold this view? Please state

These questions are irrelevant with regard to a Community Consultation. Our views are on how developments are managed with regard to Community impact.

4. How close do you live to the proposed development site?

☒ Within 1 kilometre (0.6 miles) ☐ Between 1 and 5 kilometres (3.1 miles) ☐ Further away than 5 kilometres (3.1 miles)

5. Do you have any comments or suggestions on how the community benefit fund could be spent/managed in the area, to benefit local people and communities??

That the residents directly impacted by the logistics of the development are directly compensated for the ~~disrupt~~ disruptions. There is loss of income, significant inconvenience, loss of education (children travelling to/from school), stress, impact on access to healthcare - emergency services.

6. If you have any further interests, please state below:

Please keep me updated re access/traffic
management plan and compensation

check East Lammernuir - Beth Landon - developer offer
later with Community/developers etc.

7. How did you first learn about the project?

☐

Word of mouth

☐

Postcard

☐

Google or other search engine

☐

Newspaper advert

☐

The aim of this questionnaire is to allow individuals to contribute to the development process and interact with Boralex. This is not a substitute for the official planning process. No personal information will be passed on to third parties.

1. What are your views on the use of renewable energy to help meet our energy requirements?

(onshore and offshore wind power, solar power, biomass, wave and tidal power, amongst others)

☐ Very Supportive ☐ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

2. What are your views on the use of wind energy to help manage our renewable energy generation?

☐ Very Supportive ☐ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

3a. How do you feel about this renewable energy proposal?

☐ Very Supportive ☐ Supportive ☐ Undecided ☐ Opposed ☐ Very opposed

3b. Why do you hold this view? Please state

4. How close do you live to the proposed development site?

☐ Within 1 kilometre
(0.6 miles) ☐ Between 1 and 5 kilometres
(3.1 miles) ☐ Further away than 5 kilometres
(3.1 miles)

5. Do you have any comments or suggestions on how the community benefit fund could be spent/managed in the area, to benefit local people and communities??

6. If you have any further interests, please state below:

- ①
- > Low frequency noise issues affecting residential properties - how is this modelled? Is Sound Sim 360 used for Infrasound.
 - > Traffic - why not connect direct to A13 via other sites? (concern about access for local residents + businesses)
 - > ability of the road network to accommodate traffic

7. How did you first learn about the project?

- ☐ Word of mouth ☐ Postcard
☐ Google or other search engine ☐ Newspaper advert ☐ Newspaper article ☐ Social media
☐ (Invitation for) Public Exhibition
☐ Other (please state)

8. Please use the area below to ask a specific question or comment on the proposal. (Contd. from above box 6)

- ②
- > lack of consultation on 220m tip height and how this links to original refusal
 - > prevailing wind direction to residential areas - impacts on business + houses need to be stated in still and windy conditions
 - > operational time - why now 40 years? why not 30 as per original
 - > MoD lighting - please describe lighting mitigation / measures
 - > consider of relocating turbines away from residential properties
- turbs 1, 2 & 4, ~~5~~ and 3

9. If you would like us to respond to any of the comments you have made or questions you have asked in this questionnaire, please indicate here and, if required, we will get back to you as soon as we are able.

- ☐ Response wanted
☐ No response wanted

③
noise - noise display - help estimate what the turbs will sound like from certain locations.
